The Reformed Broker is a blog about financial markets and the economy.

From Josh Brown's website: My blog is about markets, politics, economics, media, culture and finance. I'll use statistics, satire, anecdotes, pop culture references, sarcasm, fact, fantasy, and any other device that I feel necessary to get my points across.

What I don't do on this site is give financial advice or tell anyone what to invest in. The Reformed Broker is a forecast-free blog. What I will do on this site is provide you with a running commentary of my market-related insights and thoughts as events unfold. I'll point you toward other interesting content around the web. I'll challenge your perceptions, call it like I see it and, occasionally, I'll make you laugh.
